The legislature passed a bill permitting 10 per cent of the delegates to the Democratic state convention to name a slate of electors pledged to national party.

ABOUT RUNNING OUT OF GAS WITH UNITED

Today, United Gas pipe lines are connected to nearly one-tenth of all known gas reserves in the entire nation. That's enough to serve every residential customer in the country for seven years. No other gas supplier in the Gulf South can surpass United's ability to provide dependable supplies of natural gas to the growing cities and the booming industries of this area.

# Jury Report....

COURT OF  
HANCOCK COUNTY, MISSISSIPPI  
JUDGE LESLIE J. JONES

The jury, having heard the testimony of the witnesses, returned a verdict in favor of the plaintiff, and awarded damages of \$10,000.00, with costs of \$1,000.00, and interest thereon from the date of the filing of the complaint until payment in full.

of the profession of medicine. We have had under consideration the plan for a County Farm, and we urge the Board of Supervisors to give consideration to this plan for construction of a County Farm. We unambiguously endorse the idea as being beneficial to our County and as an aid in controlling juvenile delinquency, as well as to alleviate the crowded condition of the County Jail. It has been suggested that the new County Courthouse be built on the site of the old County Jail. We have considered the problem of crowded space in the County Clerk's Office where both the Circuit Clerk's and Chancery Clerk's offices are combined in the overcrowded space. We recommend that the Board of Supervisors immediately move the Superior Court of Education to the office on the second floor adjoining the courtroom now occupied by the Red Cross and that the space now occupied by the Superintendent of Education be provided for the Circuit Clerk's Office. We understand that this action has previously been recommended by the Board and we feel that it is urgent that this be done immediately. The Circuit Clerk and Chancery Clerk cannot continue to operate in the crowded space

now occupied. We have met made all of the usual inspections required by this since those inspections were made in January. We wish to express our appreciation to all of the Officials of the County for their assistance in our deliberations. And now having concluded our labors, we beg to be discharged of our duties.

Respectfully Submitted  
THOMAS GONZALES  
Foreman of the Grand Jury
